

Religion and worldviews

Progression of knowledge and skills

Kapow
Primary™

Introduction

This progression of skills and knowledge document shows how pupils progress in each of the Kapow Primary Religion and worldviews (R&W) strands: **Substantive knowledge**, **Disciplinary knowledge** and **Personal knowledge**. These strands and the design and approach of our curriculum are explained further in Religion and worldviews: Long-term plan.

The grey boxes at the top of each page show how the strand links to the Religious Education Council's [Curriculum framework for Religious Education in England](#) and its attainment targets for KS1 and KS2:

A1 Curriculum framework attainment target for KS1: Recall and name different **beliefs** and **practices**, including festivals, worship, rituals and ways of life, in order to find out about the meanings behind them.

This document is regularly updated to reflect changes to our scheme. This version was created on 10.07.23 and the most up to date version can always be found [here](#).

Grammar note: God can be used as a common noun or a proper noun, which means it is written as 'god' in some cases and 'God' in others.

When referring to a specific, singular deity it is a proper noun, or name, therefore a capital is used, e.g. 'Many Christian people believe God created the world' or 'Brahma is a name used for God in the Hindu tradition.'

When referencing god more generally, or referring to more than one god, a lowercase g is used, e.g. 'People have different beliefs about god' or 'Some religions have a god or gods as a focus for worship and prayer.'

If you are unsure, it can help to imagine replacing the word god with a person's name; if the name would make sense in the sentence, it is being used as a proper noun and should therefore be capitalised.

Different types of knowledge in R&W

Substantive knowledge

This strand consists of three elements: Conceptual knowledge, Worldview-related knowledge and Skills.

The Conceptual knowledge statements show how pupils' knowledge builds in their understanding of: Beliefs, practices, wisdom and morality, community and belonging across all religions and worldviews. The worldview-related knowledge statements show the knowledge that is covered within the units, that is relevant to a specific religion or worldview. Pupils will then be able to apply this component knowledge to perform the skills.

Conceptual knowledge must be retained for pupils to be able to progress through the scheme, as they will be expected to develop their understanding of abstract concepts, building on what has gone before.

Worldview-related knowledge enables pupils to develop their conceptual knowledge through specific examples, but does not usually need to be retained by all pupils for them to be able to make progress in R&W.

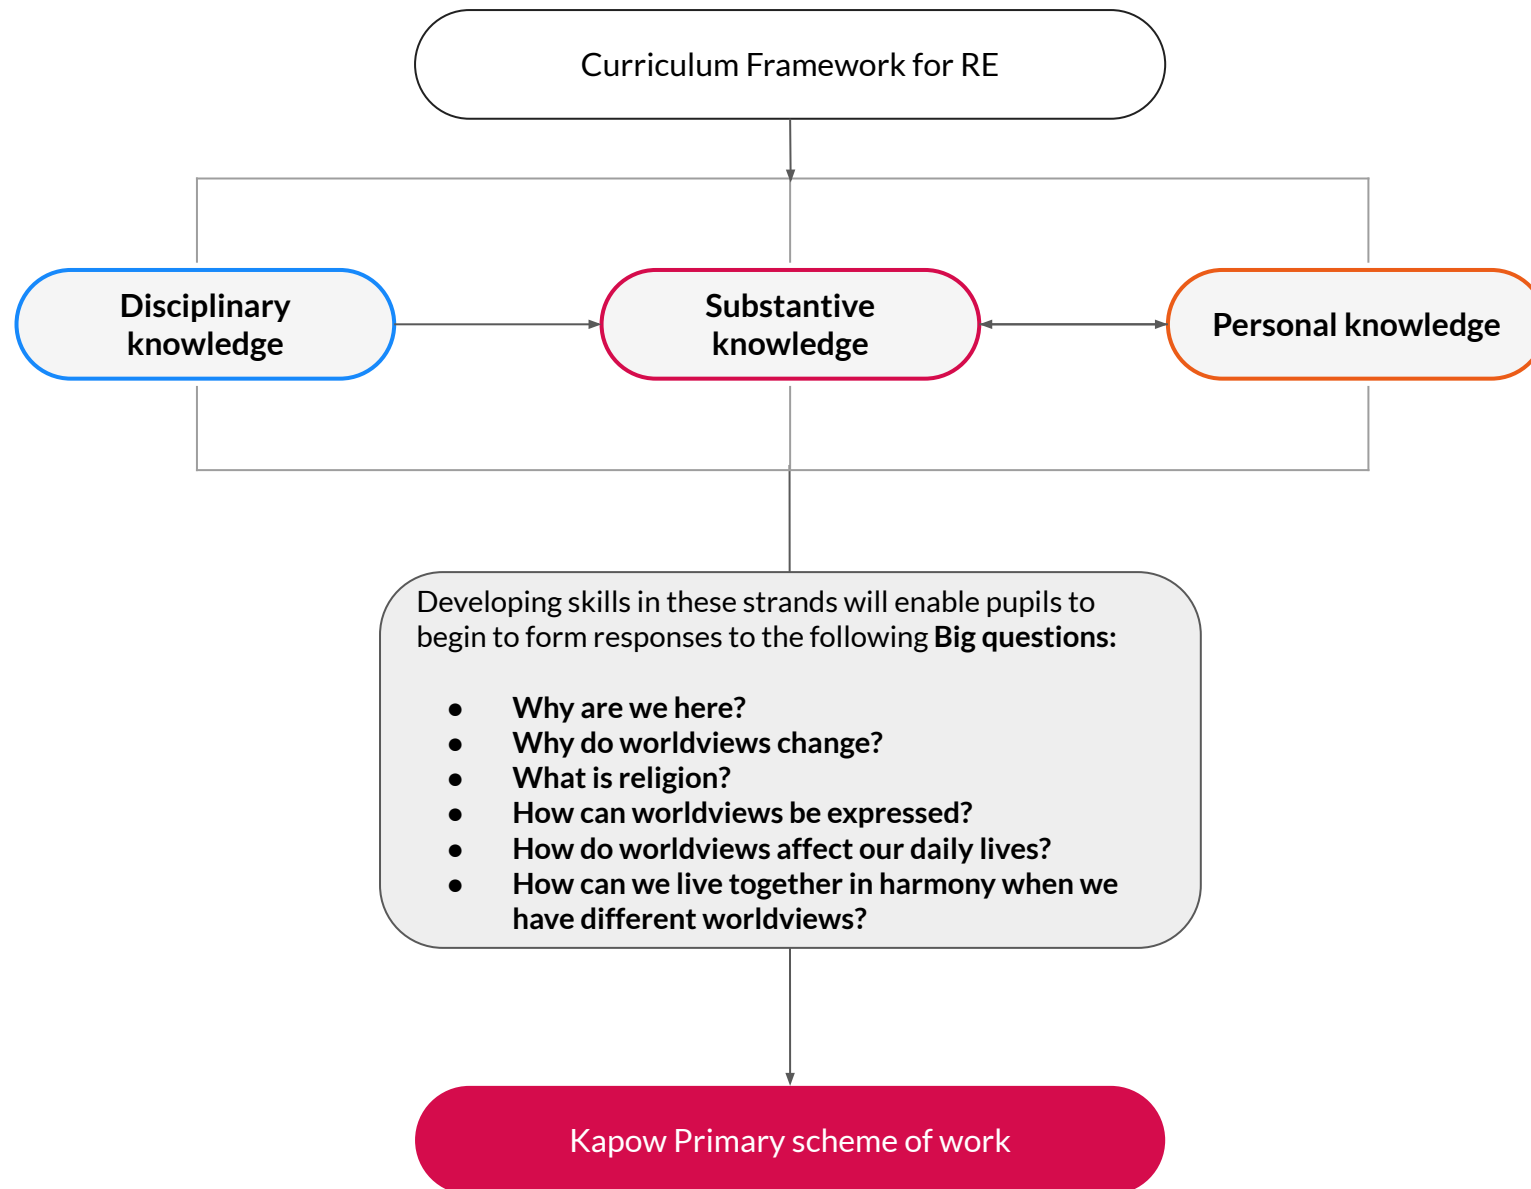

Disciplinary knowledge

This document also shows some of the different methods and processes that are used by pupils to enable them to make sense of religion. An explanation of the different types of knowledge in RE can be found in the [Long-term plan](#).

Personal knowledge

This strand enables children to think about their own positionality, their perspective and how it might influence their learning, and to consider their own worldview personally and in relation to others. Further explanation of personal knowledge and how it interacts with substantive and disciplinary knowledge can be found in the [Long-term plan](#).
